

Society of Decorative Painters' Discount Application

Here at Cupboard Distributing, we really appreciate the Society of Decorative Painters and strive to support Chapters around the nation. We offer this discount to every single member of the SDP in the USA, so let your chapter friends know!

Here's how the SDP Discount works:

1. Sign up for an account on our website. It's safe, secure and private, we NEVER share your information with anyone!
2. Give us your SDP member number when you place your order or set up your account, or you can just email us your number and name.
3. We then "flip the switch" on your online account and VOILA! your paints and brushes automatically show up at 50% off retail. *(We double check every order as well, so if something doesn't show up, we'll catch it.)* That's it!

Each year you'll need to send us a current photocopy of your registration card when you receive it to keep your membership in this program current. If we don't get your card, your discount will stop, so don't forget. We'll send out a reminder email at the end of February (*your cards generally arrive in March*) and let you know when they're due!

Your discount will include:

- 50% off retail price on brushes
- 50% off retail on DecoArt acrylic paints
- Wholesale pricing on Memory Boxes
- Wholesale pricing on Seminar Pieces*

*Please call regarding specific seminar pieces and we can tell you over the phone or email what your pricing will be!

Please note: This discount program is made available to you as a gift from Cupboard Distributing and is not affiliated with or approved by the Society of Decorative Painters. Please treat it as a special coupon to members simply as a "thank you" for supporting this great industry, from Cupboard Distributing.

Custom Cutting

Cupboard Distributing's experienced woodworking shop offers custom wood cutting. To receive an estimate, send your pattern complete with specifications such as wood thickness, hole size if required, hole placement, quantity, etc.

If you fax a pattern, please remember the fax machine will distort the pattern, so **be sure to include actual dimensions.** Scanning and emailing the pattern with dimensions is a much more accurate way to get the pattern to us. All pieces are finely sanded and ready for painting. Because your work is original, all patterns are kept confidential.

Cupboard Distributing is not liable for any copyright infringement on custom cut orders, and the customer assumes all responsibility for ensuring that custom cut orders are legally allowed to be reproduced.
***Important Please note that while we try our best to fill your order complete, there may be times when we are out of stock of an item due to high demand or manufacturing problems. We will substitute the next closest item if available unless you specify differently.*

**Due to market fluctuations, prices subject to change without notice.*

***Federal regulations prohibit shipping of aerosol products via air or out of the continental U.S. If you order an aerosol product it will be shipped UPS Ground or U.S. Post Office Surface.*
